

Callout for Board of Directors

We are seeking new directors to join our board!

Chrysalis Society has a vision of helping women heal from addiction. We provide low-barrier programming and housing in residential settings to women on journeys to recovery.

Our three homes in East Vancouver are designed to create trauma-informed environments that promote a culture of safety, empowerment, and healing. We offer a first-stage stabilization program for women in early recovery and a second-stage transitional support program, including a specific program for Indigenous women.

What we're looking for:

- Previous board and/or committee experience
- Skills and expertise in law, fundraising and donor relations would be an asset

These skills are not required. If you're passionate about community, equity and supporting women, we would love to hear from you. We welcome people with lived experience and diverse perspectives.

About the role:

- At least a two-year commitment to attend board meetings every other month in a hybrid style of in-person at our office in East Vancouver and remote, and up to 8 additional hours of service per month, including committee work
- An enthusiasm to promote, network, and fundraise for Chrysalis through professional and community connections and social media
- An awareness of gender-specific issues associated with addiction, violence, poverty, and exploitation

How to apply:

If you, or someone you know, is interested in joining our board of directors, please send your resume to admin@chrysalissociety.com.
